Portable Blu-ray™ Drive Writer (BDXL)

Buffalo USB 2.0 Portable Blu-ray™ Drive Writer

BRXL-PC6U2B

High capacity Blu-ray™ Drive (BDXL)

The Buffalo USB 2.0 Portable Blu-ray™ Drive Writer is the ideal solution for users with a laptop or Ultrabook without any optical drive installed. With the Buffalo USB 2.0 Portable Blu-ray™ Drive Writer it is possible to store, edit, watch high-definition content or writing large or small amounts of data to an optical drive.

There is no additional power input required and together with the portable, ultra-slim design and integrated USB cables it is ideal for users who travel frequently. With up to 128GB capacity on a single media, it is possible to burn huge data files onto BDXL disc.

The blue LED light indicates that the drive is ready for use. The red LED light shows that the drive's power supply is low. To increase power the Power Boost USB cable needs to be connected to your computer to supply extra power and increase reliability.

With the Buffalo USB 2.0 Portable Blu-ray™ Drive Writer, you can watch DVDs or burn data to CDs/DVDs for backup anytime, anywhere.

The BRXL-PC6U2B comes packed with a rich software suite from CyberLink® including video editing, authoring, 3D BD player and video playback.
